### ASTROLOGICAL DISCLAIMER, LIMITATION OF LIABILITY, AND AI-ASSISTED TERMS OF USE

Controlling Version (English)

Version: 1.1

Last Updated: June 21, 2026

Effective Date: June 21, 2026

This Astrological Disclaimer, Limitation of Liability, and AI-Assisted Terms of Use (this "Disclaimer") governs access to and use of the DashaMap platform, website, applications, workspaces, reports, exports, AI-assisted features, and related services (collectively, the "Service") provided by GLOBAL MOUNTAIN GROUP LLC ("Company," "Provider," "we," "us," or "our").

This Disclaimer is an integral part of the DashaMap legal framework and must be read together with the Terms of Service ("ToS"), Acceptable Use Policy ("AUP"), Privacy Policy, Cookie Policy, Refund / Billing / Subscription / Credits Policy, AI Transparency & Compliance Notice ("AI Notice"), Astrological Disclaimer notices displayed in the Service, and any applicable business agreements, including any DPA where business/white-label processing applies.

If you do not agree with this Disclaimer and the other applicable legal documents, you must not access or use the Service.

## 1. Purpose and Scope of this Disclaimer

### 1.1 Purpose

This Disclaimer exists to clearly define the nature of the Service, set reasonable expectations, establish non-reliance rules, regulate AI-assisted content usage, and allocate risks and responsibilities to the maximum extent permitted by applicable law.

### 1.2 Scope

This Disclaimer applies to all users and access paths, including visitors, registered users, subscribers, gift purchasers, gift recipients, one-shot report purchasers, invited users, Certified Astrologers applicants or listed professionals, Partner/Dealer participants, business customers, white-label customers, authorized users under business accounts, and any third parties who access or use outputs, reports, exports, shared links, or AI-assisted content generated through the Service.

### 1.3 No independent offer

This Disclaimer does not create a standalone offer, fiduciary relationship, agency relationship, regulated professional service, or professional-client relationship. It operates as part of the broader legal framework governing the Service.

## **2. Nature of the Service (Symbolic / Edutainment / Reflective Use)**

### **2.1 Symbolic and edutainment nature**

DashaMap is a digital platform for symbolic, interpretive, educational, cultural, narrative, artistic, and personal-reflection purposes ("edutainment"). The Service may include deterministic date/time/place-based calculations, timelines, cycles, structured outputs, and AI/LLM-assisted narrative or interpretive content.

### **2.2 Deterministic calculations and symbolic interpretation**

Some parts of DashaMap may use deterministic calculations based on user-provided inputs such as birth date, birth time, location, profile type, and selected feature. Deterministic calculation does not mean scientific validation, factual certainty, professional advice, or a guaranteed prediction. Calculation results may be presented through symbolic, cultural, reflective, or narrative interpretation.

### **2.3 Narrative framing and terminology**

Certain terms used in the Service, including labels such as "Souls," "Wisdom," "Observatory," "Oracle," "Timeline," "Sinfonia," "Companion Soul," "Child Evolution Atlas," or similar terms, may be expressive, poetic, symbolic, or narrative in nature. Such terminology is part of the Service user experience and branding framework and does not convert the Service into a regulated medical, psychological, veterinary, legal, financial, scientific, educational, or advisory service.

### **2.4 No factual certainty or objective prediction guarantee**

The Service may produce symbolic interpretations, reflective prompts, narrative summaries, timing structures, relationship/resonance summaries, pet/companion-oriented reflections, child/family-oriented reflections, PDFs, or other outputs that are interpretive, probabilistic, contextual, non-verifiable, or dependent on user input. The Company does not represent or warrant that any output is factually true, scientifically validated, predictive, exhaustive, complete, or suitable for decision-making without independent verification.

### **2.5 No fate, destiny, or guaranteed outcome claim**

DashaMap does not guarantee destiny, fate, outcomes, events, relationships, health changes, business results, financial results, legal outcomes, emotional states, child development outcomes, animal behavior outcomes, or future events. Any references to timing, cycles, windows, resonance, intensity, or symbolic climate are for reflection and edutainment only.

## **3. No Professional Advice; No Regulated Service**

### **3.1 No medical advice**

The Service does not provide medical advice, diagnosis, treatment, prognosis, emergency support, or clinical recommendations. Nothing in the Service is intended to replace licensed medical professionals.

### **3.2 No psychological / psychiatric / therapeutic advice**

The Service is not psychotherapy, psychiatry, counseling, crisis intervention, mental health treatment, or psychological assessment. The Service is not designed to diagnose, treat, monitor, or manage mental health conditions.

### **3.3 No legal advice**

The Service does not provide legal advice, legal representation, legal analysis, legal compliance certification, or legal strategy.

### **3.4 No financial / investment advice**

The Service does not provide financial planning, investment advice, trading signals, risk management advice, tax advice, or fiduciary financial services.

### **3.5 No veterinary or animal-health advice**

Companion Soul, pet-related, animal-related, bond, territory, instinct, sensitivity, or well-being outputs are symbolic and reflective only. They are not veterinary advice, animal-health diagnosis, treatment guidance, behavioral therapy, training advice, or emergency animal-care guidance. Consult a licensed veterinarian or qualified animal professional for any health, safety, behavior, nutrition, or welfare concern.

### **3.6 No child-development, educational, or welfare advice**

Child Evolution Atlas, family, parent, gift, or child-related outputs are symbolic and reflective only. They are not pediatric, psychological, educational, safeguarding, child-welfare, parenting, developmental, clinical, or legal advice. Consult qualified professionals for medical, developmental, school, custody, welfare, or safety matters.

### **3.7 No other regulated professional advice**

The Service is not a substitute for licensed or regulated professional services in any jurisdiction, including healthcare, legal, financial, insurance, employment, veterinary, education, child-welfare, family-law, or regulated counseling professions.

### **3.8 User duty to seek qualified professionals**

Where a matter involves health, safety, legal rights, finance, employment, children, animals, family welfare, emergencies, or any high-impact issue, you must consult a qualified professional and may not rely exclusively or primarily on the Service where professional advice is appropriate.

## **4. No Reliance; High-Impact Decision Restriction**

### **4.1 No exclusive reliance**

You agree not to rely exclusively on the Service or its outputs for any material decision or action that may cause legal, financial, medical, reputational, employment, family, child-welfare, animal-welfare, safety, or other significant consequences.

### **4.2 High-impact decision restriction**

The Service must not be used as the sole or automated basis for high-impact decisions, including medical or therapeutic decisions, legal decisions, financial or investment decisions, credit decisions, hiring or firing decisions, disciplinary decisions, eligibility/scoring/ranking decisions, child welfare decisions, veterinary decisions, or decisions that produce legal or similarly significant effects on a person.

### **4.3 Human review requirement**

If you choose to use any Service output in a personal, professional, family, business, client-facing, or operational context, you remain solely responsible for human review, contextual validation, independent judgment, and compliance with applicable law.

### **4.4 No duty to validate user intended use**

The Company does not assume a duty to continuously monitor how you interpret, present, share, or apply outputs in your personal, family, professional, commercial, or downstream context, except as otherwise required by non-waivable law.

## **5. AI-Assisted Features; Model Variability; Non-Reliance on AI Content**

### **5.1 AI-assisted features**

Some portions of the Service may use artificial intelligence, language models (LLMs), routing systems, or third-party AI providers to generate, assist, summarize, reformulate, translate, personalize, or present content.

## 5.2 AI is an interpretive layer, not the deterministic engine

Where DashaMap uses deterministic calculations, AI-assisted features are intended to help narrate, summarize, format, or explain outputs and user context. AI does not transform symbolic or deterministic calculations into professional advice, factual certainty, scientific validation, or guaranteed prediction.

## 5.3 AI content limitations

AI-generated or AI-assisted content may be incomplete, inaccurate, inconsistent, outdated, overgeneralized, contextually inappropriate, mistranslated, or otherwise flawed, including hallucinations, fabrication, omission, formatting errors, ambiguity, or unintended wording.

## 5.4 No guarantee of model stability or provider continuity

The Company may change, rotate, route, disable, or replace AI providers, models, gateways, prompts, safeguards, templates, or orchestration logic at any time for technical, commercial, security, compliance, quality, cost, or availability reasons. The same input may produce different outputs over time.

## 5.5 No guarantee of error-free AI output

The Company does not warrant that AI-assisted outputs are accurate, suitable, lawful in your specific use case, culturally appropriate, complete, stable, or free of defects. You remain solely responsible for reviewing and verifying all outputs before using, sharing, publishing, or relying on them.

## 5.6 AI as assistive layer, not agency

AI functionality within the Service is an assistive tool and does not create agency, representation, fiduciary duty, delegated professional judgment, or autonomous authority on behalf of the Company or the user.

## 5.7 No automated decision-making with legal effects (design intent)

The Service is not designed as an automated decision-making system intended to produce legal effects or similarly significant effects on users under applicable data protection laws. Any use of the Service in such contexts is prohibited by this Disclaimer and the AUP unless expressly authorized in writing and legally compliant.

## 6. User Inputs, Data Accuracy, and Context Responsibility

### 6.1 User-provided data

Outputs depend in part on data entered by the user, including date of birth, time of birth, place of birth, profile type, relationship context, pet/companion data, child/family data, notes, preferences, prompts, and contextual information. If inputs are incomplete, inaccurate, misleading, unauthorized, or outdated, outputs may be incorrect, distorted, irrelevant, or unusable.

### 6.2 Birth data, time, place, and profile context

Many DashaMap features may depend heavily on accurate birth time, date, place, timezone, and profile context. The Company does not guarantee that user-entered data is accurate, that a birth time is correct, that a timezone conversion is flawless in every historical case, or that outputs remain meaningful if the input data is wrong or uncertain.

### 6.3 No verification duty

The Company is not required to verify the truth, ownership, legality, or accuracy of user-submitted data before processing it, except as may be required by law or reasonably necessary for security, fraud prevention, billing, or compliance operations.

### 6.4 Third-party data

If you input personal data relating to another person, including a family member, partner, child, client, collaborator, employee, pet owner, or other third party, you represent and warrant that you have a valid legal basis and all necessary permissions, consents, authority, notices, or other lawful grounds required under applicable law.

## **6.5 User responsibility for use of outputs**

You are solely responsible for how you use, interpret, communicate, share, publish, commercialize, and apply outputs, including any downstream decisions, advice, statements, representations, services, or professional/client-facing materials you provide to third parties.

## **7. Psychological Reliance, Vulnerability, and Crisis/Emergency Situations**

### **7.1 No psychological reliance**

The Service is not intended to create dependency, psychological reliance, emotional control, therapeutic authority, or substitute human support. You agree not to treat the Service as a substitute for mental health care, crisis support, emergency intervention, or qualified professional assistance.

### **7.2 Vulnerable situations**

If you are in a vulnerable state, distress, crisis, grief, panic, emotional instability, coercive relationship, or other high-risk condition, the Service may not be appropriate as a primary source of guidance. Please seek help from qualified professionals, emergency services, or trusted human support resources.

### **7.3 Emergency disclaimer**

The Service is not an emergency service and is not monitored as an emergency channel. Do not use the Service to seek urgent medical, psychiatric, legal, safety, child-welfare, animal-welfare, or emergency assistance.

### **7.4 Crisis and self-harm safety notice**

If you believe that you or another person may be in immediate danger, may self-harm, may harm someone else, or may need urgent medical, psychiatric, child-safety, animal-safety, or law-enforcement assistance, contact local emergency services or an appropriate crisis support provider immediately. DashaMap cannot provide emergency intervention.

## **8. Service Availability, Performance, and Third-Party Dependencies**

### **8.1 SaaS operational reality**

The Service is provided in a software-as-a-service environment and depends on networks, cloud infrastructure, payment processors, hosting/CDN providers, databases, security tools, email delivery systems, and, where applicable, AI/LLM providers.

### **8.2 No guaranteed uptime unless expressly agreed in writing**

Except where expressly stated in a signed enterprise agreement, the Company does not guarantee uninterrupted availability, continuous uptime, latency levels, data transmission speeds, model availability, payment-provider availability, or error-free operation.

### **8.3 Maintenance and changes**

The Company may at any time update, modify, suspend, restrict, replace, or discontinue features, user interface elements, integrations, provider components, AI configurations, pricing structures, technical workflows, or access controls for operational, legal, security, compliance, product, or business reasons.

### **8.4 Third-party provider interruptions**

The Company is not responsible for outages, policy changes, failures, delays, restrictions, model behavior changes, payment failures, hosting events, or discontinuation of third-party services, except to the extent required by non-waivable law.

## **9. Outputs, Reports, Exports, Gifts, One-Shot Products, and Shared Links**

### **9.1 Nature of outputs**

Outputs may include text, reports, timelines, symbolic interpretations, summaries, insights, PDFs, exports, notifications, relational/resonance summaries, child/family-oriented reflections, pet/companion-oriented reflections, or other generated materials. Outputs may reflect user inputs, deterministic calculation results, AI-assisted narrative content, or combinations of them.

### **9.2 One-shot reports and digital delivery**

One-shot Time Map, Deep Map, digital report, PDF, or similar single-purchase products are digital outputs provided for symbolic, educational, narrative, and reflective use only. They do not create a subscription unless clearly stated at checkout and do not constitute professional advice or guaranteed prediction.

### **9.3 Gift products and recipient use**

Gift products, gift links, gift codes, gift reports, or gifted access are subject to the applicable gift terms, checkout disclosures, and Refund / Billing / Subscription / Credits Policy. A gift purchaser is responsible for providing accurate recipient information and for ensuring that the recipient is willing and legally able to use the Service. Gift recipients remain subject to this Disclaimer and the applicable legal documents.

### **9.4 No guarantee of fitness for specific purpose**

Outputs are not guaranteed to be fit for your intended use, client use, publication, commercial deployment, regulatory use, evidentiary use, diagnosis, treatment, coaching, counseling, child-welfare decision, animal-care decision, or any professional decision workflow.

### **9.5 Shared links / magic links / exports**

Where the Service provides shared links, expiring links, download links, PDFs, exports, client links, or magic links, you are responsible for sharing them only with authorized recipients and for using appropriate discretion regarding privacy, confidentiality, and data protection obligations.

### **9.6 Watermarks, expiry, and access controls**

The Company may apply watermarks, expiration controls, download restrictions, revocation mechanisms, single-link policies, and other access protections. You may not remove, bypass, alter, interfere with, or attempt to circumvent such protections.

### **9.7 Failed generation or non-delivery**

If a paid digital generation, Credit-consuming task, PDF creation, or similar metered operation fails due to a technical error and no service/output is delivered, treatment of the failed event, retry, credit restoration, refund, or support resolution is governed by the Refund / Billing / Subscription / Credits Policy and mandatory law. DashaMap does not intend to permanently consume paid Credits for a task that was not actually delivered.

## **10. Intellectual Property; Anti-Scraping; Anti-Training; No Competitive Extraction**

### **10.1 Company rights reserved**

The Service, including software, architecture, workflows, prompts, templates, report structures, output formats, taxonomies, design systems, branding, documentation, and protective mechanisms, is protected by intellectual property, trade secret, contract, and other applicable laws. All rights not expressly granted are reserved.

### **10.2 Limited user license**

Subject to compliance with the ToS, AUP, and this Disclaimer, the Company grants you a limited, revocable, non-exclusive, non-transferable, non-sublicensable license to access and use the Service for lawful purposes within your plan and permitted use scope.

### **10.3 No scraping / data mining / systematic extraction**

You may not scrape, crawl, harvest, mine, index, automate collection of, or systematically extract any part of the Service or outputs, whether manually, semi-automatically, or automatically, except where expressly authorized in writing.

### **10.4 No reverse engineering / competitive distillation**

You may not reverse engineer, probe, benchmark competitively, distill behavior, infer prompts, reconstruct internal logic, or use the Service to build competing datasets, competing services, or derivative systems without written authorization.

### **10.5 No AI training on outputs**

You may not use the Service or outputs, including text, reports, structures, patterns, templates, or generated materials, to train, fine-tune, evaluate, benchmark, or improve any AI/ML model, knowledge base, or dataset without the Company prior written consent.

### **10.6 Contractual restriction independent of copyright**

The restrictions in this Section are contractual conditions of access and use and apply regardless of whether any specific output is independently eligible for copyright or other IP protection in a given jurisdiction.

## **11. Certified Astrologers, Partner/Dealer, Business, White-Label, and Downstream Use Disclaimer**

### **11.1 Certified Astrologers directory and independent professionals**

If the Service includes a Certified Astrologers directory, application flow, listing, profile, ranking, visit count, review, badge, verification, or related feature, listed astrologers or practitioners are independent persons or entities unless expressly stated otherwise in a signed written agreement. A profile, badge, publication, payment acceptance, or listing does not mean state certification, professional licensing, employment, agency, guaranteed quality, guaranteed availability, or endorsement of every statement made by that person. DashaMap may approve, reject, suspend, remove, or modify listings as described in the applicable terms and policies.

### **11.2 Partner/Dealer and referral tools**

Partner, Dealer, referral, coupon, discount, or promotional tools do not create agency, employment, franchise, fiduciary, or representative authority unless expressly stated in a signed written agreement. Partners and Dealers must not make guaranteed-outcome claims, medical/legal/financial/professional claims, deceptive claims, or statements suggesting they can bind the Company.

### **11.3 Business and white-label responsibility**

If you are a business customer, white-label customer, consultant, astrologer, practitioner, Partner/Dealer, referral participant, or intermediary using the Service with or for third parties, you remain fully responsible for your own claims, communications, compliance obligations, downstream disclosures, pricing, client relationship, and lawful use of outputs.

### **11.4 No agency; no representation**

You are not the Company agent, representative, partner, employee, franchisee, fiduciary, or legal representative, and you may not bind the Company toward third parties unless expressly authorized in a signed written agreement.

### **11.5 Mandatory downstream safeguards**

You must not present the Service or outputs as guaranteed, clinically validated, legally authoritative, scientifically proven, professionally regulated advice, veterinary advice, child-development advice, or financial/legal/medical advice. You must ensure your own end-users or clients receive appropriate disclaimers, legal notices, privacy notices, and human review where required.

## **12. Warranties Disclaimed**

### **12.1 AS IS and AS AVAILABLE**

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE SERVICE, ALL OUTPUTS, AND ALL RELATED CONTENT ARE PROVIDED "AS IS" AND "AS AVAILABLE," WITH ALL FAULTS.

### **12.2 Disclaimer of warranties**

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE COMPANY DISCLAIMS ALL WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT, QUIET ENJOYMENT, ACCURACY, RELIABILITY, AVAILABILITY, COMPATIBILITY, OR ERROR-FREE OPERATION.

### **12.3 No guarantee of outcomes**

The Company does not warrant any specific personal, emotional, relational, family, animal-related, child-related, business, financial, creative, spiritual, symbolic, or other outcome from use of the Service.

## **13. Limitation of Liability**

### **13.1 Scope of liability limitation**

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE COMPANY, ITS AFFILIATES, OWNERS, OFFICERS, DIRECTORS, EMPLOYEES, CONTRACTORS, SUPPLIERS, PROCESSORS, SUB-PROCESSORS, LICENSORS, AND SERVICE PROVIDERS SHALL NOT BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR ENHANCED DAMAGES, OR FOR LOSS OF PROFITS, REVENUE, GOODWILL, DATA, BUSINESS OPPORTUNITIES, OR REPUTATION, ARISING OUT OF OR RELATING TO THE SERVICE, OUTPUTS, OR THIS DISCLAIMER, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

### **13.2 Aggregate liability cap**

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE AGGREGATE LIABILITY OF THE COMPANY FOR ALL CLAIMS ARISING OUT OF OR RELATING TO THE SERVICE, OUTPUTS, OR THIS DISCLAIMER SHALL NOT EXCEED THE GREATER OF: (A) THE TOTAL AMOUNT ACTUALLY PAID BY YOU TO THE COMPANY FOR THE SPECIFIC PAID FEATURE OR SUBSCRIPTION DIRECTLY GIVING RISE TO THE CLAIM DURING THE TWELVE (12) MONTHS IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO THE CLAIM; OR (B) USD \$100.

### **13.3 Free users**

If you used only free features, free test features, preview access, promotional access, gift preview access, or other non-paid access, the liability cap in Section 13.2 still applies to the maximum extent permitted by law, subject always to non-waivable rights and mandatory legal limitations.

### **13.4 Carve-outs required by law**

Nothing in this Disclaimer excludes or limits liability to the extent such exclusion or limitation is prohibited by applicable non-waivable law, including liability for fraud, willful misconduct, gross negligence, personal injury, death, or violations of mandatory consumer rights, to the extent such liability cannot lawfully be excluded or limited.

### **13.5 Basis of the bargain**

You acknowledge that the disclaimers and limitations in this Disclaimer are essential elements of the allocation of risk between you and the Company and form a basis of the bargain for access to and use of the Service.

## 14. User Indemnification

### 14.1 Indemnity obligation

To the maximum extent permitted by law, you agree to defend, indemnify, and hold harmless the Company and its affiliates, owners, officers, directors, employees, contractors, suppliers, processors, sub-processors, licensors, and service providers from and against any claims, demands, actions, proceedings, liabilities, damages, judgments, losses, costs, and expenses, including reasonable legal fees, arising out of or relating to:

- your misuse of the Service or outputs;
- your violation of this Disclaimer, the ToS, the AUP, incorporated policies, or applicable law;
- your infringement or violation of third-party rights;
- your unauthorized use or disclosure of third-party data;
- claims made by your clients, end-users, recipients, gift recipients, listed profiles, downstream customers, or other third parties resulting from your representations, modifications, communications, or use of outputs.

### 14.2 Limits

This Section applies to the maximum extent permitted by law and does not require you to indemnify the Company for liabilities finally determined to result solely from the Company non-excludable gross negligence, willful misconduct, or fraud where such exclusion is prohibited by law.

## 15. Minors, Child Data, and Family/Parent Features

### 15.1 Not intended for minors

The Service is not directed to minors and is not intended for use by persons who lack legal capacity to accept the applicable legal terms under their jurisdiction, unless expressly permitted by applicable law and validly authorized by a parent or legal guardian.

### 15.2 Child data entered by adults

Where the Service permits entry of third-party data, including data relating to minors, such entry is the sole responsibility of the adult user or business customer, who must ensure a valid legal basis, lawful authority, appropriate notices, consents where required, and compliance with all applicable laws.

### 15.3 Family, child, and parent-oriented outputs

Any child, family, parent, growth-window, gift, sensitivity, talent, school, developmental, or family-related output is symbolic and reflective only. It must not be used to label, diagnose, restrict, pressure, rank, or make consequential decisions about a child or minor.

### 15.4 Protective action

The Company may suspend, restrict, or remove accounts, data, shared links, outputs, or access where it reasonably suspects prohibited minor use, unlawful child data processing, safety risk, abuse, or legal risk.

## 16. No Monitoring Duty; Safety and Enforcement Reservation

### 16.1 No general duty to monitor

The Company does not undertake a general obligation to proactively monitor all user behavior, all prompts, all outputs, all shared links, all downstream use, or all third-party communications in real time, except as required by law.

### 16.2 Right (but not obligation) to implement safeguards

The Company may implement, update, remove, or refine moderation, filtering, anti-abuse, anti-scraping, rate limiting, refund integrity controls, fraud prevention, logging, and security controls at its discretion for protection of the Service and users.

### **16.3 No waiver by non-enforcement**

Failure or delay by the Company to enforce any provision of this Disclaimer in one instance does not constitute a waiver of future enforcement.

## **17. Acceptance, Electronic Records, and Proof**

### **17.1 Acceptance by use**

To the extent permitted by applicable law and the ToS, access to or use of the Service constitutes acceptance of this Disclaimer. Where the Company requires click-through, checkbox, checkout, gift claim, report generation, or feature-specific acceptance, such acceptance supplements and does not replace acceptance by use.

### **17.2 Electronic records and versioning**

You agree that the Company may rely on electronic records, including timestamps, account logs, acceptance events, version references, billing records, credit events, refund events, access logs, and generated-output logs, to evidence acceptance, access, delivery, and use, subject to applicable law and the Privacy Policy.

## **18. Reporting Concerns; Security and Abuse Notices**

### **18.1 Reporting channel**

For legal, privacy, abuse, security, impersonation, phishing, profile misuse, Certified Astrologer listing concerns, Partner/Dealer misuse, or other policy concerns, contact: [info@globalmountain.group](mailto:info@globalmountain.group).

### **18.2 No emergency channel**

This inbox is not an emergency response service and may not be monitored continuously.

### **18.3 Responsible reporting**

If reporting a vulnerability, abuse issue, or impersonation issue, do not exploit, exfiltrate, disrupt, harass, publish sensitive information, or access data that does not belong to you. Additional responsible disclosure rules may be stated in the AUP or a separate policy.

## **19. Alignment with ToS, AUP, Privacy Policy, Cookie Policy, AI Notice, and Refund/Billing Policy**

This Disclaimer shall be read in conjunction with the ToS, AUP, Privacy Policy, Cookie Policy, Refund / Billing / Subscription / Credits Policy, AI Transparency & Compliance Notice, and any applicable feature-specific terms.

In the event of conflict or interpretive discrepancy, the following shall apply, unless mandatory law requires otherwise:

- the Privacy Policy shall prevail with respect to personal data categories, legal bases, data subject rights, retention, and personal data processing/privacy matters;
- the Cookie Policy shall prevail with respect to cookies, tracking technologies, and consent management for such technologies;
- the ToS shall prevail with respect to contractual terms, accounts, subscriptions, billing, renewals, cancellation, termination, and dispute procedures;
- the Refund / Billing / Subscription / Credits Policy shall prevail with respect to operational rules for refunds, failed delivery, credits, quota events, add-ons, gifts, one-shot products, subscription billing, and payment flows;
- the AUP shall prevail with respect to usage rules, prohibited conduct, technical abuse, security abuse, anti-scraping enforcement, and platform enforcement measures;
- the AI Notice shall provide additional governance and operational transparency regarding AI usage, routing, limitations, provider variability, and compliance posture;
- this Disclaimer shall prevail with respect to the symbolic/edutainment nature of the Service, non-professional-advice status, no-reliance rules, AI content limitations, and limitation-of-liability framework, except where another document expressly and specifically governs the same matter.

In all cases, mandatory, non-derogable rights under applicable law remain unaffected.

## **20. Updates to this Disclaimer**

### **20.1 Right to update**

The Company may update this Disclaimer for legal, regulatory, security, technical, operational, product, UX, provider, pricing, feature, or business reasons.

### **20.2 Publication and effective date**

The current version will be published on the website, app, or legal center with an updated "Last Updated" and/or "Effective Date."

### **20.3 Continued use**

To the extent permitted by law, continued use of the Service after the effective date of an updated Disclaimer constitutes acceptance of the updated version. Where required by law, material changes may be additionally notified through email, dashboard notice, checkout notice, legal-center notice, or other reasonable means.

## **21. Governing Law and Forum (Reference to ToS)**

Governing law, venue, forum, and dispute procedures are set forth in the ToS. This Disclaimer does not replace those clauses. Mandatory consumer protections and non-waivable rights under applicable law remain reserved and unaffected.

## **22. Language; Controlling Version; Courtesy Translations**

This Disclaimer may be made available in multiple languages for convenience. Unless expressly stated otherwise, the English version published by the Company as the "Controlling Version" is the legally binding version. Any translation, including Italian or any other courtesy version, is provided for convenience only. In the event of inconsistency, ambiguity, or conflict between language versions, the English Controlling Version shall prevail, subject always to non-waivable law.

## **23. Severability; No Waiver; Survival; Reservation of Rights**

### **23.1 Severability**

If any provision of this Disclaimer is found invalid, unenforceable, or unlawful, the remaining provisions shall remain in full force and effect to the maximum extent permitted by law.

### **23.2 No waiver**

No failure or delay by the Company in exercising any right, remedy, or provision shall operate as a waiver.

### **23.3 Survival**

Any provisions that by their nature should survive suspension, termination, account closure, cancellation, refund, failed delivery, gift expiry, profile removal, or cessation of use shall survive, including provisions relating to non-reliance, professional advice disclaimers, IP protections, anti-scraping/anti-training restrictions, warranties disclaimer, limitation of liability, indemnification, evidence/logging, language, and governing law/forum references.

### **23.4 Reservation of rights**

The Company reserves all rights to improve, modify, or enforce technical and legal protections, including anti-abuse measures, rate limits, provider routing, output controls, refund integrity controls, payment controls, shared-link controls, and security safeguards, to the maximum extent permitted by law.
