## DASHAMAP

### ASTROLOGICAL DISCLAIMER, LIMITATION OF LIABILITY, AND AI-DRIVEN TERMS OF USE

Controlling Version (English)

Last Updated: February 22, 2026

Effective Date: February 22, 2026

This Astrological Disclaimer, Limitation of Liability, and AI-Driven Terms of Use (this “Disclaimer”) governs access to and use of the DashaMap platform, website, applications, workspaces, reports, exports, AI-assisted features, and related services (collectively, the “Service”) provided by GLOBAL MOUNTAIN GROUP LLC (“Company,” “Provider,” “we,” “us,” or “our”).

This Disclaimer is an integral part of the DashaMap legal framework and must be read together with the Terms of Service (“ToS”), Acceptable Use Policy (“AUP”), Privacy Policy, Cookie Policy, Refund/Billing Policy (if published), AI Transparency & Compliance Notice (if published), and any applicable business agreements (including any DPA for business/white-label customers).

If you do not agree with this Disclaimer and the other applicable legal documents, you must not access or use the Service.

Provider (Service Operator)

GLOBAL MOUNTAIN GROUP LLC

30 N Gould St #47047

Sheridan, Wyoming 82801-6317 – U.S.A.

Company ID: 2023-001208525

EIN: 61-2074460

Email: [info@globalmountain.group](mailto:info@globalmountain.group)

Website: [www.globalmountain.group](http://www.globalmountain.group)

#### 1. Purpose and Scope of this Disclaimer

##### 1.1 Purpose

This Disclaimer exists to clearly define the nature of the Service, set reasonable expectations, establish non-reliance rules, regulate AI-assisted content usage, and allocate risks and responsibilities to the maximum extent permitted by applicable law.

##### 1.2 Scope

This Disclaimer applies to all users and access paths, including without limitation: visitors, registered users, subscribers, invited users, business customers, white-label customers, authorized users under business accounts, and any third parties who access or use outputs, reports, exports, shared links, or AI-assisted content generated through the Service.

### 1.3 No Independent Offer

This Disclaimer does not create a standalone offer, fiduciary relationship, or regulated professional service. It operates as part of the broader legal framework governing the Service.

## 2. Nature of the Service (Symbolic / Edutainment / Reflective Use)

### 2.1 Symbolic and Edutainment Nature

DashaMap is a digital platform for symbolic, interpretive, educational, cultural, narrative, artistic, and personal-reflection purposes (“edutainment”). The Service may include deterministic calculations (such as date/time/place-based calculations, timelines, cycles, and structured outputs) and may also include AI/LLM-assisted narrative or interpretive content.

### 2.2 Narrative Framing and Terminology

Certain terms used in the Service (including but not limited to labels such as “Souls,” “Wisdom,” “Observatory,” “Oracles,” “Timeline,” or similar terms) may be expressive, poetic, symbolic, or narrative in nature. Such terminology is part of the Service’s user experience and branding framework and does not convert the Service into a regulated medical, psychological, legal, financial, or scientific advisory service.

### 2.3 No Factual Certainty or Objective Prediction Guarantee

The Service may produce symbolic interpretations, reflective prompts, narrative summaries, timeline structures, or other outputs that are interpretive, probabilistic, contextual, or non-verifiable. The Company does not represent or warrant that any output is factually true, scientifically validated, predictive, exhaustive, or suitable for decision-making without independent verification.

## 3. No Professional Advice; No Regulated Service

### 3.1 No Medical Advice

The Service does not provide medical advice, diagnosis, treatment, prognosis, emergency support, or clinical recommendations. Nothing in the Service is intended to replace licensed medical professionals.

### 3.2 No Psychological / Psychiatric / Therapeutic Advice

The Service is not psychotherapy, psychiatry, counseling, crisis intervention, mental health treatment, or psychological assessment. The Service is not designed to diagnose, treat, monitor, or manage mental health conditions.

### 3.3 No Legal Advice

The Service does not provide legal advice, legal representation, legal analysis, legal compliance certification, or legal strategy.

### 3.4 No Financial / Investment Advice

The Service does not provide financial planning, investment advice, trading signals, risk management advice, tax advice, or fiduciary financial services.

### 3.5 No Other Regulated Professional Advice

The Service is not a substitute for licensed or regulated professional services in any jurisdiction, including but not limited to healthcare, legal, financial, insurance, employment, or regulated counseling professions.

### 3.6 User Duty to Seek Qualified Professionals

Where a matter involves health, safety, legal rights, finance, employment, child welfare, emergencies, or any high-impact issue, you must consult a qualified professional and may not rely exclusively (or primarily where inappropriate) on the Service.

## 4. No Reliance; High-Impact Decision Restriction

### 4.1 No Exclusive Reliance

You agree not to rely exclusively on the Service or its outputs for any material decision or action that may cause legal, financial, medical, reputational, employment, family, safety, or other significant consequences.

### 4.2 High-Impact Decision Restriction

The Service must not be used as the sole or automated basis for high-impact decisions, including without limitation: medical/therapeutic decisions, legal decisions, financial/investment decisions, credit decisions, hiring/firing decisions, disciplinary decisions, eligibility/scoring/ranking decisions, or decisions that produce legal or similarly significant effects on a person.

### 4.3 Human Review Requirement

If you choose to use any Service output in a professional or operational context, you remain solely responsible for human review, contextual validation, and independent judgment.

### 4.4 No Duty to Validate User's Intended Use

The Company does not assume a duty to continuously monitor how you interpret or apply outputs in your personal or professional life, except as otherwise required by non-waivable law.

## 5. AI-Driven Features; Model Variability; Non-Reliance on AI Content

### 5.1 AI-Assisted Features

Some portions of the Service may use artificial intelligence, language models (LLMs), routing systems, or third-party AI providers to generate, assist, summarize, reformulate, or present content.

### 5.2 AI Content Limitations

AI-generated or AI-assisted content may be incomplete, inaccurate, inconsistent, outdated, overgeneralized, contextually inappropriate, or otherwise flawed ("AI limitations"), including but not limited to hallucinations, fabrication, omission, formatting errors, ambiguity, or unintended wording.

### 5.3 No Guarantee of Model Stability or Provider Continuity

The Company may change, rotate, route, disable, or replace AI providers, models, gateways, prompts, safeguards, templates, or orchestration logic at any time for technical, commercial, security, compliance, quality, or availability reasons. The same input may produce different outputs over time.

### 5.4 No Guarantee of Error-Free AI Output

The Company does not warrant that AI-assisted outputs are accurate, suitable, lawful in your specific use case, or free of defects. You remain solely responsible for reviewing and verifying all outputs before using, sharing, publishing, or relying on them.

### 5.5 AI as Assistive Layer, Not Agency

AI functionality within the Service is an assistive tool and does not create agency, representation, fiduciary duty, delegated professional judgment, or autonomous authority on behalf of the Company or the user.

### 5.6 No Automated Decision-Making with Legal Effects (Design Intent)

The Service is not designed as an automated decision-making system intended to produce legal effects or similarly significant effects on users under applicable data protection laws. Any use of the Service in such contexts is prohibited by this Disclaimer and the AUP unless expressly authorized in writing and legally compliant.

## 6. User Inputs, Data Accuracy, and Context Responsibility

### 6.1 User-Provided Data

Outputs depend in part on data entered by the user (including, for example, date of birth, time of birth, place of birth, notes, preferences, prompts, and contextual information). If your inputs are incomplete, inaccurate, misleading, unauthorized, or outdated, outputs may be incorrect, distorted, or unusable.

### 6.2 No Verification Duty

The Company is not required to verify the truth, ownership, legality, or accuracy of user-submitted data before processing it, except as may be required by law or reasonably necessary for security/compliance operations.

### 6.3 Third-Party Data

If you input personal data relating to another person (for example, family member, partner, client, collaborator, or child), you represent and warrant that you have a valid legal basis and all necessary permissions, consents, authority, or other lawful grounds required under applicable law.

### 6.4 User Responsibility for Use of Outputs

You are solely responsible for how you use, interpret, communicate, share, and apply outputs, including any downstream decisions, advice, statements, representations, or services you provide to third parties.

## 7. Psychological Reliance, Vulnerability, and Crisis/Emergency Situations

### 7.1 No Psychological Reliance

The Service is not intended to create dependency, psychological reliance, emotional control, or therapeutic authority. You agree not to treat the Service as a substitute for mental health care, crisis support, or emergency intervention.

### 7.2 Vulnerable Situations

If you are in a vulnerable state, distress, crisis, or emotionally unstable condition, the Service may not be appropriate as a primary source of guidance. Please seek help from qualified professionals, emergency services, or trusted human support resources.

### 7.3 Emergency Disclaimer

The Service is not an emergency service and is not monitored as an emergency channel. Do not use the Service to seek urgent medical, psychiatric, legal, or safety assistance.

## 8. Service Availability, Performance, and Third-Party Dependencies

### 8.1 SaaS Operational Reality

The Service is provided in a software-as-a-service environment and depends on networks, cloud infrastructure, payment processors, hosting/CDN providers, databases, security tools, and (where applicable) AI/LLM providers.

### 8.2 No Guaranteed Uptime (Unless Expressly Agreed in Writing)

Except where expressly stated in a signed enterprise agreement, the Company does not guarantee uninterrupted availability, continuous uptime, latency levels, data transmission speeds, or error-free operation.

### 8.3 Maintenance and Changes

The Company may at any time update, modify, suspend, restrict, replace, or discontinue features, user interface elements, integrations, provider components, AI configurations, or technical workflows for operational, legal, security, compliance, or business reasons.

### 8.4 Third-Party Provider Interruptions

The Company is not responsible for outages, policy changes, failures, delays, restrictions, model behavior changes, or discontinuation of third-party services, except to the extent required by non-waivable law.

## 9. Outputs, Reports, Exports, and Shared Links

### 9.1 Nature of Outputs

Outputs may include text, reports, timelines, symbolic interpretations, summaries, insights, PDFs, exports, notifications, or other generated materials. Outputs may reflect user inputs, calculation results, AI-assisted narrative content, or combinations thereof.

### 9.2 No Guarantee of Fitness for Specific Purpose

Outputs are not guaranteed to be fit for your intended use, client use, publication,

commercial deployment, regulatory use, evidentiary use, or any professional decision workflow.

### 9.3 Shared Links / Magic Links / Exports

Where the Service provides shared links, expiring links, download links, PDFs, or exports, you are responsible for sharing them only with authorized recipients and for using appropriate discretion regarding privacy, confidentiality, and data protection obligations.

### 9.4 Watermarks, Expiry, and Access Controls

The Company may apply watermarks, expiration controls, download restrictions, and other access protections. You may not remove, bypass, alter, or interfere with such protections.

## 10. Intellectual Property; Anti-Scraping; Anti-Training; No Competitive Extraction

### 10.1 Company Rights Reserved

The Service (including software, architecture, workflows, prompts, templates, report structures, output formats, taxonomies, design systems, branding, and documentation) is protected by intellectual property and other applicable laws. All rights not expressly granted are reserved.

### 10.2 Limited User License

Subject to compliance with the ToS, AUP, and this Disclaimer, the Company grants you a limited, revocable, non-exclusive, non-transferable, non-sublicensable license to access and use the Service for lawful purposes within your plan and permitted use scope.

### 10.3 No Scraping / Data Mining / Systematic Extraction

You may not scrape, crawl, harvest, mine, index, automate collection of, or systematically extract any part of the Service or outputs, whether manually, semi-automatically, or automatically, except where expressly authorized in writing.

### 10.4 No Reverse Engineering / Competitive Distillation

You may not reverse engineer, probe, benchmark competitively, distill behavior, infer prompts, reconstruct internal logic, or use the Service to build competing datasets, competing services, or derivative systems without written authorization.

### 10.5 No AI Training on Outputs

You may not use the Service or outputs (including text, reports, structures, patterns, templates, or generated materials) to train, fine-tune, evaluate, benchmark, or improve any AI/ML model, knowledge base, or dataset without the Company's prior written consent.

### 10.6 Contractual Restriction Independent of Copyright

The restrictions in this Section are contractual conditions of access and use and apply regardless of whether any specific output is independently eligible for copyright or other IP protection in a given jurisdiction.

## 11. Business / White-Label / Downstream Use Disclaimer

### 11.1 Business and White-Label Responsibility

If you are a business customer, white-label customer, consultant, or intermediary using the Service with or for third parties, you remain fully responsible for your own claims, communications, compliance obligations, downstream disclosures, and lawful use of outputs.

### 11.2 No Agency; No Representation

You are not the Company's agent, representative, partner, employee, or fiduciary, and you may not bind the Company toward third parties.

### 11.3 Mandatory Downstream Safeguards

You must not present the Service or outputs as guaranteed, clinically validated, legally authoritative, or otherwise regulated professional advice. You must ensure your own end-users/clients receive appropriate disclaimers and human review where required.

## 12. Warranties Disclaimed

### 12.1 "AS IS" and "AS AVAILABLE"

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE SERVICE, ALL OUTPUTS, AND ALL RELATED CONTENT ARE PROVIDED "AS IS" AND "AS AVAILABLE," WITH ALL FAULTS.

### 12.2 Disclaimer of Warranties

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE COMPANY DISCLAIMS ALL WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT, QUIET ENJOYMENT, ACCURACY, RELIABILITY, AVAILABILITY, OR ERROR-FREE OPERATION.

### 12.3 No Guarantee of Outcomes

The Company does not warrant any specific personal, emotional, relational, business, financial, creative, or other outcome from use of the Service.

## 13. Limitation of Liability

### 13.1 Scope of Liability Limitation

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE COMPANY, ITS AFFILIATES, OWNERS, OFFICERS, DIRECTORS, EMPLOYEES, CONTRACTORS, SUPPLIERS, PROCESSORS, SUB-PROCESSORS, LICENSORS, AND SERVICE PROVIDERS SHALL NOT BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR ENHANCED DAMAGES, OR FOR LOSS OF PROFITS, REVENUE, GOODWILL, DATA, BUSINESS OPPORTUNITIES, OR REPUTATION, ARISING OUT OF OR RELATING TO THE SERVICE, OUTPUTS, OR THIS DISCLAIMER, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

### 13.2 Aggregate Liability Cap

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE AGGREGATE LIABILITY OF THE COMPANY FOR ALL CLAIMS ARISING OUT OF OR RELATING TO THE SERVICE, OUTPUTS,

OR THIS DISCLAIMER SHALL NOT EXCEED THE GREATER OF: (A) THE TOTAL AMOUNT ACTUALLY PAID BY YOU TO THE COMPANY FOR THE SPECIFIC PAID FEATURE OR SUBSCRIPTION DIRECTLY GIVING RISE TO THE CLAIM DURING THE TWELVE (12) MONTHS IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO THE CLAIM; OR (B) USD \$100.

### 13.3 Free Users

If you used only free features, or non-paid access, the liability cap in Section 13.2 still applies to the maximum extent permitted by law, subject always to non-waivable rights and mandatory legal limitations.

### 13.4 Carve-Outs Required by Law

Nothing in this Disclaimer excludes or limits liability to the extent such exclusion or limitation is prohibited by applicable non-waivable law, including (where applicable) liability for fraud, willful misconduct, gross negligence, personal injury, death, or violations of mandatory consumer rights, to the extent such liability cannot lawfully be excluded or limited.

### 13.5 Basis of the Bargain

You acknowledge that the disclaimers and limitations in this Disclaimer are essential elements of the allocation of risk between you and the Company and form a basis of the bargain for access to and use of the Service.

## 14. User Indemnification

### 14.1 Indemnity Obligation

To the maximum extent permitted by law, you agree to defend, indemnify, and hold harmless the Company and its affiliates, owners, officers, directors, employees, contractors, suppliers, processors, sub-processors, licensors, and service providers from and against any claims, demands, actions, proceedings, liabilities, damages, judgments, losses, costs, and expenses (including reasonable legal fees) arising out of or relating to:

- (a) your misuse of the Service or outputs;
- (b) your violation of this Disclaimer, the ToS, the AUP, or applicable law;
- (c) your infringement or violation of third-party rights;
- (d) your unauthorized use or disclosure of third-party data;
- (e) claims made by your clients, end-users, or downstream recipients resulting from your representations, modifications, or use of outputs.

### 14.2 Limits

This Section applies to the maximum extent permitted by law and does not require you to indemnify the Company for liabilities finally determined to result solely from the Company's non-excludable gross negligence, willful misconduct, or fraud where such exclusion is prohibited by law.

## 15. Minors and Child Data

### 15.1 Not Intended for Minors

The Service is not directed to minors and is not intended for use by persons who lack legal capacity to accept the applicable legal terms under their jurisdiction, unless expressly permitted by applicable law and validly authorized by a parent/legal guardian.

### 15.2 Child Data Entered by Adults

Where the Service permits entry of third-party data, including data relating to minors, such entry is the sole responsibility of the user/business customer, who must ensure a valid legal basis, lawful authority, and compliance with all applicable laws.

### 15.3 Protective Action

The Company may suspend, restrict, or remove accounts or data where it reasonably suspects prohibited minor use, unlawful child data processing, or legal risk.

## 16. No Monitoring Duty; Safety and Enforcement Reservation

### 16.1 No General Duty to Monitor

The Company does not undertake a general obligation to proactively monitor all user behavior, all prompts, all outputs, or all downstream use of outputs in real time, except as required by law.

### 16.2 Right (But Not Obligation) to Implement Safeguards

The Company may implement, update, remove, or refine moderation, filtering, anti-abuse, anti-scraping, rate limiting, fraud prevention, logging, and security controls at its discretion for protection of the Service and users.

### 16.3 No Waiver by Non-Enforcement

Failure or delay by the Company to enforce any provision of this Disclaimer in one instance does not constitute a waiver of future enforcement.

## 17. Acceptance, Electronic Records, and Proof

### 17.1 Acceptance by Use

To the extent permitted by applicable law and the ToS, access to or use of the Service constitutes acceptance of this Disclaimer. Where the Company requires click-through or checkbox acceptance for specific features, plans, or transactions, such acceptance supplements (and does not replace) acceptance by use.

### 17.2 Electronic Records and Versioning

You agree that the Company may rely on electronic records (including timestamps, account logs, acceptance events, version references, billing records, and access logs) to evidence acceptance, access, and use, subject to applicable law and the Privacy Policy.

## 18. Reporting Concerns; Security and Abuse Notices

### 18.1 Reporting Channel

For legal, privacy, abuse, security, or impersonation concerns, contact:  
info@globalmountain.group.

## 18.2 No Emergency Channel

This inbox is not an emergency response service and may not be monitored continuously.

## 18.3 Responsible Reporting

If reporting a vulnerability or abuse issue, do not exploit, exfiltrate, disrupt, or publish sensitive information. Additional responsible disclosure rules may be stated in the AUP or separate policy.

## 19. Alignment with ToS, AUP, Privacy Policy, Cookie Policy, and AI Transparency Notice

This Disclaimer shall be read in conjunction with the ToS, AUP, Privacy Policy, Cookie Policy, Refund/Billing Policy (if published), and AI Transparency & Compliance Notice (if published).

In the event of conflict or interpretive discrepancy, the following shall apply, unless mandatory law requires otherwise:

- (a) the Privacy Policy shall prevail with respect to personal data categories, legal bases, data subject rights, retention, and personal data processing/privacy matters;
- (b) the Cookie Policy shall prevail with respect to cookies, tracking technologies, and consent management for such technologies;
- (c) the ToS shall prevail with respect to contractual terms, accounts, subscriptions, billing, renewals, termination, and dispute procedures;
- (d) the AUP shall prevail with respect to usage rules, prohibited conduct, technical abuse, security abuse, anti-scraping enforcement, and platform enforcement measures;
- (e) the AI Transparency & Compliance Notice shall provide additional governance and operational transparency regarding AI usage, routing, limitations, and compliance posture; and
- (f) this Disclaimer shall prevail with respect to the symbolic/edutainment nature of the Service, non-professional-advice status, no-reliance rules, AI content limitations, and limitation-of-liability framework, except where another document expressly and specifically governs the same matter.

In all cases, mandatory, non-derogable rights under applicable law remain unaffected.

## 20. Updates to this Disclaimer

### 20.1 Right to Update

The Company may update this Disclaimer for legal, regulatory, security, technical, operational, product, UX, provider, or business reasons.

### 20.2 Publication and Effective Date

The current version will be published on the website/app/legal center with an updated “Last Updated” and/or “Effective Date.”

### 20.3 Continued Use

To the extent permitted by law, continued use of the Service after the effective date of an updated Disclaimer constitutes acceptance of the updated version. Where required by law,

material changes may be additionally notified through email, dashboard notice, or other reasonable means.

## 21. Governing Law and Forum (Reference to ToS)

Governing law, venue, forum, and dispute procedures are set forth in the ToS. This Disclaimer does not replace those clauses. Mandatory consumer protections and non-waivable rights under applicable law remain reserved and unaffected.

## 22. Language; Controlling Version; Courtesy Translations

This Disclaimer may be made available in multiple languages for convenience. Unless expressly stated otherwise, the English version published by the Company as the “Controlling Version” is the legally binding version. Any translation (including an Italian courtesy version) is provided for convenience only. In the event of inconsistency, ambiguity, or conflict between language versions, the English Controlling Version shall prevail, subject always to non-waivable law.

## 23. Severability; No Waiver; Survival; Reservation of Rights

### 23.1 Severability

If any provision of this Disclaimer is found invalid, unenforceable, or unlawful, the remaining provisions shall remain in full force and effect to the maximum extent permitted by law.

### 23.2 No Waiver

No failure or delay by the Company in exercising any right, remedy, or provision shall operate as a waiver.

### 23.3 Survival

Any provisions that by their nature should survive suspension, termination, account closure, or cessation of use shall survive, including without limitation provisions relating to non-reliance, professional advice disclaimers, IP protections, anti-scraping/anti-training restrictions, warranties disclaimer, limitation of liability, indemnification, evidence/logging, language, and governing law/forum references.

### 23.4 Reservation of Rights

The Company reserves all rights to improve, modify, or enforce technical and legal protections, including anti-abuse measures, rate limits, provider routing, output controls, and security safeguards, to the maximum extent permitted by law.
